Boubacar Samake Quartet Rider 2026

We look forward to working with you to create a superb show! This rider sets out the practical requirements that are the responsibility of the Purchaser. Please read this carefully and discuss in advance any issues with meeting these requirements. Thanks.

INTRODUCTION

The PURCHASER will make arrangements that meet the requirements set out in the following pages. Any material missing, or any problem in meeting these requirements must be discussed with the PRODUCTION MANAGER such that alternative arrangements are agreed at least four weeks in advance of the engagement, in writing. Failure to inform management of requirements that cannot be met or agreed to, or thereafter failure to make alternative arrangements could result in the artist being unable to appear.

The PURCHASER agrees to send, no later than THREE WEEKS before the performance:

- Production contact
- Stage manager contact
- Sound engineer contact
- Hospitality contact
- Itinerary with complete schedule (including as appropriate: soundcheck & performance times, dinner arrangements, venue address and access information, hotel address, parking or ground transportation information.)

GROUND TRANSPORTATION & PARKING

If the band travel with their own vehicle the PURCHASER will arrange a parking area for the vehicle at **the hotel and at the venue** at no cost to the artist. We will provide vehicle registration at least one day before arrival.

HOTEL

The PURCHASER will provide and pay for 5 rooms at a minimum 3*hotel (e.g. Premier Inn, Ibis, Holiday Inn, Leonardo, Marriot or similar or better standard) close to the venue with parking. The PURCHASER will consult with PRODUCTION MANAGER about the hotel before confirming. Rooms to be ready for expected arrival time. Please check with the TOUR MANAGER if it will be necessary to have an early check-in or check-out.

AT THE VENUE

The PURCHASER will provide one person present on arrival who will be in charge of hospitality, dressing rooms and catering.

DRESSING ROOMS & GREEN ROOM

The group will need 1 dressing room, and 1 green room for catering. Ideally the dressing room should have its own toilet (for exclusive use of the band and must be in the backstage area) and next to the stage and have direct access without passing through the audience. The toilet must have soap, towels and toilet paper. Please note: The dressing room / green room requirements below are preferred. We acknowledge every venue is different. Let us know if any cannot be met and we can review.

Dressing rooms will be equipped with:

- 1 comfortable sofa
- 1 table
- 1 wardrobe / clothes rail + hangers
- 1 full length mirror

Green room will be equipped with:

- 1 fridge
- 1 table and comfortable seating for 4 people
- Tea and coffee making facilities
- Microwave
- Plates & cutlery for dinner
- 10 bottles of still water
- Selection of snacks for the group, e.g. chilled cooked chicken, fresh bread, fruit, cheese, biscuits, crisps
- Fresh fruit juice, e.g. orange, apple or other
- 6 bottles of chilled lager (Peroni, Birra Moretti)
- 1 bottle of red wine

DINNER

The PURCHASER agrees to provide a £20 buyout per person. We would welcome recommendations and contact details for reliable nearby takeaway restaurants in advance for TOUR MANAGER and band to decide their meals.

SECURITY

The PURCHASER will ensure the security of the artist personnel and their belongings from the time of their arrival until the time of their departure, covering the backstage entrance, the stage, backstage area and parking. No one without a backstage pass will be admitted in backstage area. The PURCHASER should make a list and allocate a backstage pass to all local crew working on the event. No audience will be allowed in the backstage area at any time — before, during or after the show and sound check — without the TOUR MANAGER's permission.

PHOTOGRAPHY, PRESS, RECORDING

Any photography or videography of the show being arranged by the PURCHASER is welcomed but should be discussed in advance with PRODUCTION MANAGER. Photography should be done in a discrete and professional manner so as not to disturb the performance (no flash, no loud shutter sounds, limited length of time, e.g. first three songs). Audience photography and video is welcomed and we ask that Front of House staff do not police this aggressively. For example, as long as phones are on silent, not using torch or flash, and are not obscuring the vision of surrounding audience members, it is acceptable to the band. The band may wish to capture their own performance on video and make a recording from the sound desk. The PRODUCTION MANAGER will discuss the details with the PURCHASER in advance of the show.

GUEST LIST

The tour manager will give a final guest list on the day of the show as per the agreed guest ticket allowance. These should be the best seats in the venue. The number must be defined and registered on the contract and never sold without authorisation. In the event that the band don't use their guest allocation, the PRODUCTION MANAGER will approve in advance the release of the allocation for general sale. The TOUR MANAGER will provide a list of guests who will have backstage access.

MERCHANDISING

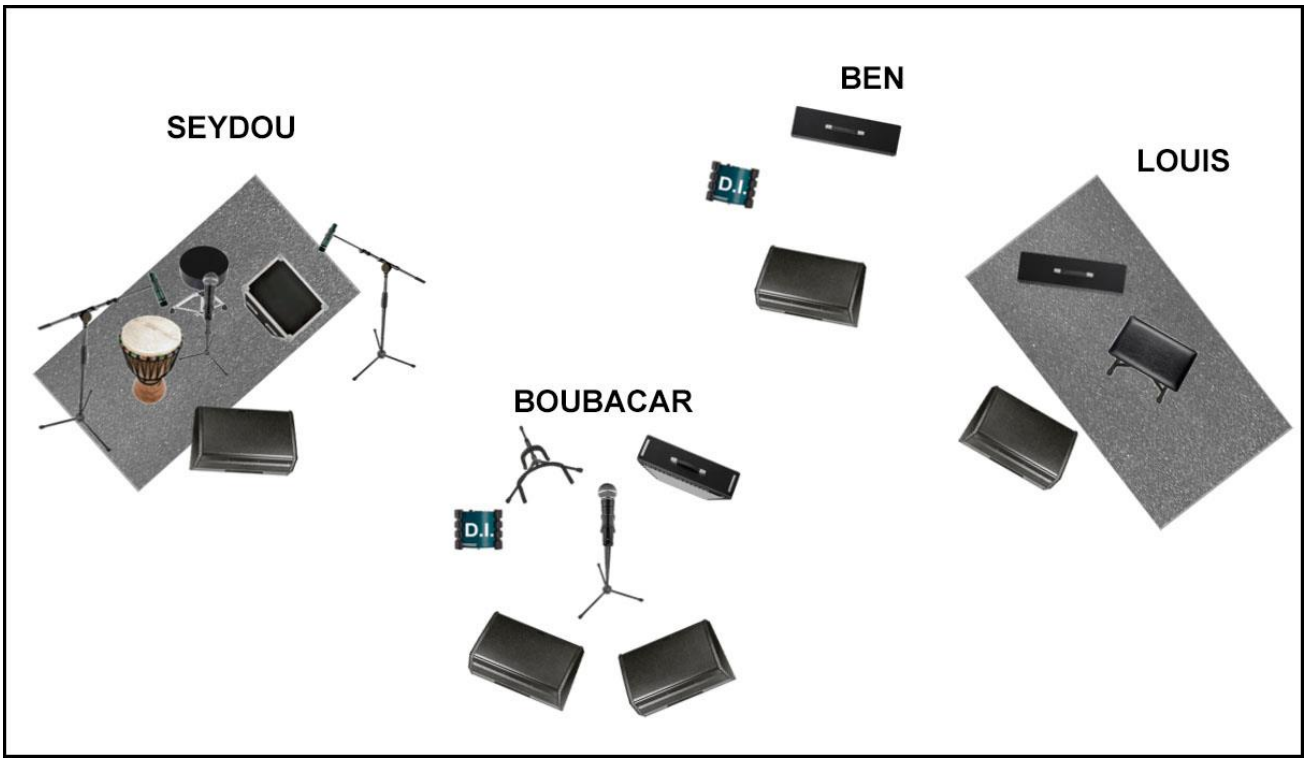

The PURCHASER will provide a table with black cloth and two chairs at the venue, either in the auditorium or at a location that is clearly visible to the audience on ingress, during any interval, and on exiting the venue, for the band to display their merchandise, which will be sold by the TOUR MANAGER.
