Backline

(to be provided by the venue – essential for the performance)

Synths/Synth Bass

The following synth models are required and are intrinsic to the artist's performance.
Please confirm the availability of these 3 synths at the time of booking; and inform the artist's management immediately of any expected issues obtaining them.

1 x Moog Sub 37 synthesiser (must be this model)
1 x Sequential Prophet 6 synthesiser (must be this model)
1 x Moog Sub 37 / Moog Messenger / Moog Minimoog (bass)
1 x Nord Stage 2 or 3 (keyboard - must be this model)
4 x heavy duty keyboard stands
1 x heavy duty percussion table
3 x sustain pedals
1 x Roland EV-5 expression pedal
3 x stereo DI boxes
1 x mono DI box
10 x jack cables
All necessary power cables
1 x Ampeg SVT bass amplifier with matching cabinet
2 x stage monitors on separate feeds for stereo monitoring, with 2 x sub monitors

Guitar

1 x Gibson ES-335 guitar with strap (or Eastman 335 or similar- please inform us)
Strung with D'Addario nickel wound strings, .011–.049 gauge
Instrument must be serviced in advance to allow strings to settle

Stereo option (festivals / large stages when available):
2 x guitar amplifiers (L/R)
Preferred: Fender Twin Reverb / Orange valve combo / Vox valve amplifier or similar
Stereo created either via two amplifiers or split signal with delay/duplication for widened image

Mono option:
1 x guitar amplifier
Preferred: Fender Twin Reverb / Orange valve combo / Vox valve amplifier or similar
Full guitar signal in mono (CH 12 only)
1 x amplifier stand
1 x guitar stand
1 x stool
All necessary power cables + 3 mono jack cables
1 x stage monitor with separate feed
